

A GREAT PLEASURE IN LIFE IS
Doing WHAT PEOPLE SAY
YOU CANNOT DO

Rising to the challenge ITC Hotels' is making every effort to accommodate the people with disabilities and draw them into the mainstream of life as far as possible through initiatives such as:

- Integrating elements that are user friendly for the people with disabilities in hotel design – specially equipped rooms, ramps, lifts, toilets with grab bars...
- Networking with key players, ITC Hotels' provides – vocational training and advocacy for the disabled

Increasing placement of the people with disabilities in appropriate situations in ITC Hotels.
